people
and places

This was one of the first places I saw in Valencia. The buildings are very modern and beautiful. I really liked walking around and taking photos. The place felt very special and different.

The glass palace was amazing. There was so much light inside. It was quiet and calm. I sat there for a while and really enjoyed the atmosphere.

We went to Albufera in the afternoon. We took a boat on the water. The sunset was beautiful. It was very peaceful. I really liked this place.

Port Saplaya is a small town by the sea. The houses are very colorful. It looks like Venice a little. We walked by the water and ate ice cream. It was a fun and relaxing day.

We spent a nice day at the beach. The sun was shining and the sea was warm. I went swimming and then just lay on the sand, listening to music.

The park is very big.
We walked a lot and
saw many nice places.
Many people were
running, biking or
sitting with friends.
It was great to see how
people enjoy this park.
I liked it a lot.
